U. F. W. A. MEETING
A largely attended meeting of the U. F. W. A. was held at the home of Mrs. Ashley August 31st.
Nineteen ladies were present. The Roll call was answered by "The Book I should like to Read This Fall." The book had been finished and tickets are sold by members. This spread will be raffied at a Tea at the home of Mrs. Alva Duggan Sept. 16th. This was the tea given in reviving an old style of spread used in the days of our grandmothers. It is pretty, wears well and the winner of this spread will have very fortunate, in gaining a worthwhile possession.
The hostess served a very dainty lunch and a very enjoyable time was had over the tea cups. The next meeting will be held at the home of Mrs. Downing September 16th.

FARR THRILLS FANS IN FIGHT WITH JOE LOUIS

Decision in 15-round contest goes to challenger Farr.

Yonkers Stadium, New York—Tonypancy Tommy Farr, the Welshman who wasn't supposed to have a chance took everything but the decision last Monday night from Joe Louis in a heavy-weight championship fight that upset expectations by going the full distance of 15 rounds.

Louis had no real difficulty piling up a margin on points that gave him the unanimous decision of referee A. Donovan and two judges, but the Welshman's slight defence of the crown he won just two months ago from Jimmy Braddock found him up against such a long and tough opposition that had been anticipated.

Farr not only stunned the experts, who had unanimously picked him to become champion, but he repeatedly carried the fight to the hard-hitting champion.

Louis, finding Farr troublesome as well as durable throughout the 15 rounds failed to score even a single knockdown and was actually in retreat as the final bell found him bloodied and staggering the champion and swinging hard with both fists.

There were wide differences of opinion among the ring-side officials, even though no doubt about the champion's final margin on points.

Tommy had no crowd with him to such an extent, as he stood toe to toe with the champion in many exchanges that a big share of the spectators had to sit in the stands.

The cheering later for several minutes after the Negro's hand was raised in token of victory.

"The Ottawa Spotlight"
A Weekly Review of National Affairs (By Wilfred Eggleston.)
Ottawa, August 31st—Canada's trade with other nations is fairly on a level that compares with the best years in her history. It has always been observed that when Canada's external trade is active, domestic prosperity is most apparent. Hence it is a most encouraging sign to see the figures rise, month by month, proclaiming at an early date, if at all goes well, to set some new records in Canadian trade history. The figures just released show that we have recovered all the ground lost since the depression began, have now risen again to 1929 levels, and need only another ten per cent or so of further gain to top the best figures ever before recorded (as in 1921 and 1929-30).

The figures needed to describe Canada's external trade are of the astronomical order, and do not mean much to the layman. But for purposes of the record it may be said here that for the 12 months ended July 31st, the value of Canadian produce exported to other countries amounted to \$1,128,507,860. For the previous 12 months, it had been \$1,075,227,127. If you go back to the depths of the depression, say the fiscal year ended March 31, 1933, you will have domestic exports of \$755,000,000. Thus our sales abroad are running about 2 1/2 times the value of four years ago.

Imports are, of course, keeping pace pretty well with exports. In the early days of recovery, there was a tendency of imports to lag behind exports, owing to the "favorable balance" but from now on the opposite can be expected for a while.

The trade record, it may be mentioned that export trade in July 1937 was over \$100,000,000 as compared with \$85,000,000 in the same month of 1936. The trade with the United States for the first half of the year stood at \$475,000,000 as compared with \$419,000,000; and with the United Kingdom at \$245,000,000 as compared with \$219,000,000—the former figure being the best since 1929.

If you examine the reasons for this remarkable upturn in Canadian external trade—the most remarkable in history, if you except the abnormal years of 1918 and 1919, when prices rocketed, and new raw materials were in desperate demand by Europe.

You find that there are four main reasons for it:

1. The revival of prosperity among Canada's best customers, and consequently an improvement in demand for Canadian exports.
2. The improvement in prices which has resulted from this improvement in demand.
3. The beneficial effect of a series of recent trade agreements and negotiations conducted by the Dominion Government.
4. The rearmament of a number of leading nations, and the consequent demand for raw materials and foodstuffs.

It is not easy to estimate how much of the improvement is due to the commercial policy of the present government. From the first it has encouraged external trade, and has conducted negotiations with a large number of countries. It signed the United States trade agreement, and renewed the trade agreements it has reduced the duties right across the board on a considerable number of items. It ended the trade dispute with Japan. Negotiations have been conducted with Germany, Poland, France, Australia, New Zealand, and several Latin American countries. Indeed, the trade relations with countries representing over 9 per cent of Canada's external trade have either been rewritten or re-written in the past two years. Just how much of the improvement in trade would have occurred any way, it is not easy to say.

The countries, indeed, the trade relations with the Canadian exports have been accomplished in the face of a serious check in what is normally Canada's major export, namely, wheat. Once the surplus of the earlier years had been disposed of, the flow of wheat to other countries fell sharply, and Canada now sits to high levels again for another year or 15 months. In the current crop year, one month of which has gone, it is probable that Canada will export more than 5 million bushels of wheat. She has shipped over 550 million in a year.

NIGHTINGALE

Mrs James Godfrey entertained the
Women's Institute at her home last
Thursday. The roll call was answered
by naming a Canadian industry. Re-
ports of a dinner and conference occupy
most of the afternoon. Some new
plans were discussed for the coming
months. It is much regretted that
Mrs Chas. Kimmitt could not attend
on account of ill health. The hostess
assisted by Mrs Lillian Hilton served
a delicious tea and so another
pleasant afternoon passed.

Mrs Cullen and Miss Gibson were
Calgary visitors lately.

Mrs Simpson and daughter Louise
of Springfield spent a few days visit-
ing at the Cullen ranch. Mr Simpson
arrived on Sunday and the family re-
turned with him.

Anchor Thurston is spending a
month with her brother and sister-in-
law at Langdon.

Mr and Mrs Walker have come back
to the farm and expect to be here for
some time.

Mr Alken has just completed drill-
ing a well at Valley Garden school.

Mr Hilde of Strathmore has done
considerable repair work on teacher-
age and school.

Miss Margaret Fletcher who has
been a guest at the Newell farm will
attend school in Calgary this term.

Nightingale Community. It has
been improved by its fine new coat

Mr R. A. Lambert and family of Cal-
gary were Sunday visitors with friends
here.

Mrs Chas. Kimmitt spent a few days
in Calgary last week where she is
receiving medical attention.

NAVY LEAGUE DOES VALUABLE WORK

Rallying to support the Navy Le-
ague of Canada in its work of assist-
ing widows and orphans of men of the
Merchant Marine and their depend-
ents; maintaining Sailors' Homes and
Institutes, etc. in our large Canadian
Ports from coast to coast and looking
after the welfare of the seamen when
ashore, training boys and young men
and helping to make better Canadian
citizens of them, the citizens of
Strathmore subscribed \$18.75 to this
cause in a recent campaign here con-
ducted by Fred Cooke, organizer of
the Alberta Division, 1107, 15th Ave
West, Calgary, Alberta.

ARDENODE

Mr and Mrs O. R. Booth of Victoria,

The Ladies Aid met with Mrs Birt
on Thursday afternoon of last week,
dining to the harvest season. The
country ladies were few. Plans for the
annual corn roast was the business
for the afternoon. The corn roast will
be held on Main Street next Saturday
night commencing at 8 p.m. Come
along and enjoy a few ears of corn af-
ter the show.

Mrs E. Ross entertained a number
of Calgary guests on Sunday in honor
of her husband Mr E. Ross who cele-
brated a birthday.

We are sorry to learn that Mrs Wm.
Budd, Jr. has been a patient in the
Holy Cross Hospital. We wish for Mrs
Budd a speedy recovery.

C. R. Walrod, A. L. Williams and C.
Bradwell journeyed over to visit with
Standard Masonic Lodge on Saturday.
Visitors from Calgary Masonic Lodge
being the guests of Standard. A most
enjoyable evening was reported.

JAR COVERINGS

All women who are making their
own jams and jellies will be interest-
ed in the new way to cover their open
jars. "Circles of Collophane" to-
gether with elastic bands and gummed
labels, are available in packages at
most stores. It is a simple matter to
dip a circle in cold water, smooth it
tightly over the jar, and slip on the
elastic band. When dry this material
contracts, thus making a tough air-
tight protector.

THE PURPOSE OF POOL ELEVATORS

The major function of the Alberta Wheat
Pool elevators is to give support to the nat-
ural aspirations of Alberta farm people for
more secure, comfortable and happier farm
homes.

Every Pool elevator may be said to be a
sentinel guarding the marketing interests of
the grain producers in that locality. It also
serves as a link connecting all parts of a
great democratic movement, working on be-
half of the men and women engaged in Can-
ada's basic industry.

Every grain grower can aid himself and
the entire agricultural industry by hauling
his grain to a Pool elevator.

By so doing a useful and serviceable far-
mer-owned organization is strengthened; the
non-profit co-operative movement is ad-
vanced; and a greater degree of unity is at-
tained among the grain growing farmers.

THE OPPORTUNITY FOR SELF-HELP
Being a strictly co-operative grain
producers organization, Alberta Pool
elevators claim that the policy of
self help is one calculated to achieve
the best results. In other words grain
producers can achieve more for them-
selves by undertaking to build up non-
profit grain handling organizations.
Unquestionably farmers can progress
further by a policy of self help.

THE OTHER DAY WE ASKED A MAN FOR HIS PRINTING AND HE TOLD US:

"OH, OUR PRINTING DOESN'T AMOUNT TO MUCH. ALL WE HAVE IS A FEW SMALL ORDERS, AND NONE OF THEM EVER RUN INTO ANYTHING THAT LOOKS LIKE MONEY."

THOSE LITTLE ORDERS ARE THE KIND THAT MAKE OUR BUSINESS.

MOST OF OUR BUSINESS IS IN THE PRINTING OF LETTERHEADS, ENVELOPES, CIRCULARS, POSTERS, OFFICE FORMS, AND OTHER SMALL ORDERS.

WE APPRECIATE A SMALL ORDER AS WELL AS WE DO A BIG ONE.

SO, IF YOU HAVE ANY SMALL ORDERS FOR PRINTING, WE WANT YOU TO KNOW THAT WE ARE GLAD TO GET THEM. WE APPRECIATE THEM JUST AS MUCH—AND TAKE JUST AS GOOD CARE OF THEM—AS IF THEY ACTUALLY AMOUNTED TO HUNDREDS OF DOLLARS.

QUOTATION FOR TODAY

Voluntarily to follow what is good is the beginning of understanding it.—Clement of Alexandria.

HOW LONG?

Never has the moral sense of men revolted more strongly against the crime of war, and never has the slaughter of civilians appeared to meet less effective rebuke, than in this day. The League of Nations and treaties to outlaw war appear deep and active aspirations. Yet today Shanghai is added to Madrid and Madrid was added to Addis Ababa. Killing more efficient and more accurate than ever, goes on apparently unchecked.

Indeed, cynics are saying that the world's hypocrisy is being freed from that condemning war and tolerating it, making high professions and forgetting them, only deceiving conscience and lessens the moral resistance to war's horrors. They say the world is becoming "conditioned" to violence even as the children who continue to play among the toppling walls of shell-battered Chapels.

Such claims must rouse the individual who hopes that the conscience of men will be made effectual in the stopping of strife. He asks himself: "How long can men think one way and act another?" And he knows that they cannot perform any such feat even for an instant. The sincere purpose, the thought and intent of the heart, will find expression in effective action. If the world seems in a period of disillusionment and dismay, it need not remain so.

If it really wishes to have done with war, it will find a way. The anti-war machinery that has failed has not wholly failed. Men have learned something. They know they must begin with their innermost purposes. As these are purified and spiritualized they will inevitably be expressed in a world having no place for war. And the present moral—so far as it is truly moral—revolt will find presently effectual means of checking the worst crimes of war. The good men generally wish to do the way they do. —Christian Science Monitor.

IT PAYS TO ADVERTISE FISH!

(Toronto Globe and Mail)
A man who has something to sell does not try to keep it a secret. He wants to call his merchandise to the attention of probable buyers, and to as many of them as possible. He wants to do it as thoroughly and as cheaply as it can be done.
His answer is newspaper advertising. He has found down through the years, that no other medium brings such big returns on his investment as does newspaper advertising.
The Dominion government, like any individual business man, has learned that, too. It became advisable a couple of years ago for the government, in the interests of fishermen on our coasts and lakes and rivers, to promote the sale of fish within the Dominion. The object was to tell Canadians of the benefits of fish as food—and to keep on telling the tale of those advantages in order to make the idea impressive.

So newspapers were used. There was not much money to invest, so the Dominion made an appropriation to buy newspaper space over a period of two years.

The effects were announced the other day. Hon. J. E. Michaud, Federal Minister of Fisheries, said that excellent results had been achieved: the whole Dominion had begun to eat fish regularly and a genuine interest had been created in methods of preparing and serving various kinds. At Lunenburg, N. S., the president of the Canadian Fisheries Association said that "the whole trade had benefited from the well planned campaign" of newspaper advertising. Attributable to no other evident reason, fish consumption in the Dominion had been increased by more than 15 per cent. That meant millions of dollars to the industry.

try as a return on the Dominion investment.

The result was not surprising. It was to be expected. It merely proved once more that well-known facts, Newspaper advertising pays.
The Strathmore Standard was included in the number of papers across Canada to carry the Dominion Government Fish advertising.

THE CANADA YEAR BOOK

The Canada Year Book for 1937 is now complete and offered to the public at the usual low price.
The Year Book is taken from cover to cover with valuable information, dealing as it does with all phases of National life.

The Canada Year Book is the official statistical annual of the country and contains a thoroughly up-to-date account of the natural resources of the Dominion and their development; the history of the country, its institutions, its demography, the different branches of production, trade, transportation, finance, education, etc. In brief, a comprehensive study within the limits of a single volume of the social and economic condition of the Dominion. This new edition has been thoroughly revised throughout and includes in all its chapters the latest information available up to the date of going to press.

The 1937 Canada Year Book extends to over 1,100 pages, dealing with all phases of the national life and more especially with those susceptible of statistical measurement. A statistical summary of the progress of Canada is included in the introductory matter. This gives a picture in figures of the remarkable progress which the country has made since the first census of the Dominion was taken in 1871, sixty-six years ago.

In a brief review it is impossible to give an adequate summing up of the information contained in the Year Book.

Persons requiring the Year Book may obtain it from the King's Printer (Ottawa), as long as the supply lasts, at the price of \$1.50, which covers merely the cost of paper, printing and binding. By a special arrangement, a limited number of paper-bound copies have been set aside for ministers of religion, bona fide students and school teachers, who may obtain copies at the nominal price of 50 cents each.

Grading Students in Grade 9.
Simultaneously with the three courses of studies introduced into Alberta intermediate schools, Department of Education officials have inaugurated a new system of grading examination papers written by grade 9 students.

Replacing numerical percentage rankings intermediate students (this summer received results graded in 4 groups A B C D).

Grade D standing signifies the student has failed and must repeat the entire grade 9 course.
Grade A signifies complete success and a free hand in selection of grade 10 course.

Restricted and conditional promotion are permitted students with B and C standings.

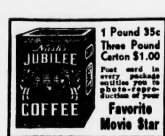

Grade A students have 5 courses open to them. University entrance, Normal entrance, general, commercial and technical.

The general effect of the new system will be to substitute training in practical subjects for academic courses for students who feel they are not well qualified for University and Normal school study.

BEE KEEPING

(Continued from Page One)
 improved, but even from the begin-
 ning this method has proved fairly
 successful.

A ditch is first dug 48 inches wide
 and as long as the width of the num-
 ber of hives to be wintered plus two
 feet. For example, if only one hive is
 to be wintered the ditch would mea-
 sure 48 x 10 ft., for three hives the
 length would be 6 ft. 3 x 16 plus 24 in.
 16 inches being the width of one hive.
 The depth of the ditch should be 20
 inches. Stakes are driven into the bot-
 tom of the ditch 18 inches apart and
 6 inches from the wall. Six inches of
 rough gravel or stones are spread over
 the bottom of the ditch. Willow or

other sticks are pushed down between
 the stakes and the wall of the ditch
 making a wall of sticks 6 inches wide
 all round the inside of the ditch.
 The hive cover is next placed upside
 down on the gravel in the bottom of
 the ditch, a super, empty of all combs
 is put on the cover, and stuffed to
 half its depth with sucking straw or
 insulating material, the board sapper is
